

Expert talk on “Power BI Microproject.”

The Artificial Intelligence and Machine Learning had organized expert talk on the topic " **Power BI Microproject**" by Ms. Rida Khan, Third Year Student, K. K. Wagh Polytechnic, Nashik on 23rd July 2025. Second year students of Artificial Intelligence and Machine Learning department had attended this expert talk. She had covered the topics like Understanding Data: From Raw Facts to Insights, What is a Dataset?, Why Study Data Storytelling & Visualization?,

The Art of Data Storytelling, Data Visualization: Unveiling Insights Visually, Career Impact: Driving Decisions with Data, Building a Power BI Dashboard: A Step-by-Step Guide. What is DAX in Power BI? Tools for Data Storytelling & Visualization, Rida Khan's Micro Project for SYAN.

Expert talk on “3min & 5min Video creation with scripting”

The Artificial Intelligence and Machine Learning department had organized expert talk on the topic " **3min & 5min Video creation with scripting**" by Ms. Shubham D. Kunde, Third Year Student, K. K. Wagh Polytechnic, Nashik on 02nd August 2025. Second year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like Tools for video creation & script writing. Understanding Data : From Raw Facts to Insights.

Why Study Data Storytelling & Visualization? The Art of Data Storytelling, Data Visualization: Unveiling Insights Visually, Career Impact: Driving Decisions with Data. Tools for Data

Storytelling & Visualization, Shubham Kunde's 3min & 5min Video created for SYAN.

Impression of Gestures and Personality in Career Growth.

Expert talk on “Deepfake MorphoSec AI”

The Artificial Intelligence and Machine Learning had organized expert talk on the topic " Deepfake MorphoSec AI" by Mr. Tanmay Dixit, Cyber Security Expert & Director, Cyber Sanskar, Nashik on 06th August 2025. Second year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like What is Deepfake Video?. Objectives of Depfake videos on Social media.

Expert talk on “Basics of Entrepreneurship and Its Awareness”

The Artificial Intelligence and Machine Learning department had organized expert talk on the topic " Basics of Entrepreneurship and Its Awareness" by Dr. Prajakta Joshi, Entrepreneurship Educator Founder – PWST & AWEC Foundation Professor of Practice – PIBM on 20th September 2025. First year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like What is Entrepreneurship? Importance of Entrepreneurship, Types of Entrepreneurship. How to identify Business skills? What is startup life cycle, Live example of small business and big business (developed by Students). Entrepreneurship Awareness – Why It Matters, Common Challenges, Improvement of Personality in Career Growth.

How to identify & detect Deepfake video? How to Morph Videos using AI & Its detection using AI tools, Live demo of Chatbot image creation and Process. Advantages of Prompt perfection,

Expert talk on “Introduction to Machine Learning”

The Artificial Intelligence and Machine Learning had organized expert talk on the topic "Introduction to Machine Learning" by Mr. Vaibhav Garud, CEO, Aetos Vision AI Solutions Pvt. Ltd, Nashik on 24th September 2025. Second year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like What is Machine Learning? Importance of Machine Learning. Types of Machine Learning. What is Machine Learning life cycle Live example of Machine Learning and Machine Learning model (developed by Students) Algorithm of Machine Learning Improvement and Demonstration of Machine Learning in Career Growth.

Industrial Visit to “SupraTech AI Innovations and Software Solutions, Nashik.”

Mrs. P. H. Nawale and Ms. H. S. Shelke with SYAN students attended the industrial visit at SupraTech AI Innovations and Software Solutions, Nashik, 5, Omkar Bunglows, Near Saket Pride, Trikon Bunglow Road, Amrutdham, Panchavati, Nashik-03 on 03rd October 2025. They have given brief an introductory session by Mr. Sunil Sangle Sir. He explained the vision of SupraTech, which focuses on: Developing AI models to solve real-world problems, Providing training and mentorship to students on Artificial Intelligence and related

technologies. Career Guidance by Mr. Afrez. Future career opportunities in IT. Colleges and courses to opt for after diploma. Essential skills required to succeed in the industry. Cloud Technologies by Mr. Sanket Agao. Career opportunities in Cloud Computing. An introduction to DevOps concepts and their importance in the software industry. Cloud Technologies and their applications in modern businesses

Vision: To Develop Technocrats in the field of Computer Engineering and Artificial Intelligence by imparting quality technical education.

Mission: M1: To provide quality technical education to students to help them to achieve good academic growth.

M2: To impart technical education to meet the requirements of the industry and society.

M3: Develop technical & soft skill through co-curricular and extra-curricular activities for improving personality.

Expert Talk on “From code to city: Implementing Blockchain Technology and Smart Contracts for Smarter Governance”

The Artificial Intelligence and Machine Learning department had organized expert talk on the topic “From code to city: Implementing Blockchain Technology and Smart Contracts for Smarter Governance” by Prof. Pranav More, Asst. Professor, Universal AI University, Karjat, Mumbai on 07th October 2025.

Third-year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like Concept of smart cities & digital governance, Basic of Blockchain- secure, Transparent data system. Understanding Smart Contracts - automation without intermediaries. Integration of AI with Blockchain for smarter decision -making, Real word examples in e-governance (voting, land records, funds tracking) Hands on demo mini blockchain/smart contract simulation. Emerging career roles and required skills in AI+ Blockchain.

Vision: To Develop Technocrats in the field of Computer Engineering and Artificial Intelligence by imparting quality technical education.

Mission: M1: To provide quality technical education to students to help them to achieve good academic growth.

M2: To impart technical education to meet the requirements of the industry and society.

M3: Develop technical & soft skill through co-curricular and extra-curricular activities for improving personality.

Staff Achievements

Sr. No.	Name of Staff	Department	Type of Event	Organizer	Date
1	Ms. D. N. More	AIML	Data Analytics Using Power BI	ExcelR Edtech Pvt. Ltd	28/07/2025 to 01/08/2025
2	Mrs. S. A. Birari	AIML	Quantum Computing	ExcelR Edtech Pvt. Ltd	11-08-2025 to 18-08-2025
3	Mrs. J. S. Mahajan	AIML	Deep Learning-IIT Ropar	NPTEL	July to October 12 Week Course
4	Mr. S. V. Waghmare	AIML	Deep Learning-IIT Ropar	NPTEL	July to October 12 Week Course

Newsletter Editorial Team

1. Mr. H. M. Gaikwad -HOD AN Dept.
2. Mrs. Mrs. A. D. Hyalij- Faculty Co-ordinator
3. Kunde Shubham Dnyaneshwar- Student Co-ordinator
4. Kapadnis Samej Rajendra- Student Co-ordinator

Employability Skills Training Program– Supported by Mahindra Pride Classroom and Project and implemented by Naandi Foundation

The Artificial Intelligence and Machine Learning had organized Employability Skills Training Program Supported by Mahindra Pride Classroom and Project and implemented by Naandi Foundation, by Mr. Manoj Bhate, Trainer Mahindra Pride, Naandi Foundation, Pune, K. K. Wagh Polytechnic, Nashik on 17th Dec 2025 to 23rd Dec 2025. Third year students of Artificial Intelligence and Machine Learning department had attended this Training Program. He had covered the topics like

Life Skill: Critical thinking, Financial management, Digital literacy, Compassion, Respect, Gratitude, Being a responsible global citizen, Good health and well-being, Problem-solving

Soft Skills: Professional etiquette, Goal setting, Conflict resolution, Time management, Body language, Professional grooming and Teamwork, Money management, Professional ethics.

Communication Skills: Effective speaking, Presentation skills, Workplace interactions, Functional English and Clear expression in local language

Employability Skills: Interview preparation, Resume preparation, Group discussions, Job opportunity awareness, Workplace ethics, Ace job interviews and Excel in group discussions.

Workshop on “AI and Industry 4.0 Tools for Innovators and Entrepreneurs.”

The Artificial Intelligence and Machine Learning department had organized workshop on the topic “AI and Industry 4.0 Tools for Innovators and Entrepreneurs.” by Mr. Prashant Ramchandra Kambale, Director Live Tech India. K. K. Wagh Polytechnic, Nashik on 26th Dec 2025. Third and Second year students of Artificial Intelligence and Machine Learning department had attended this workshop. He had covered the topics like Demonstrating how these tools can be applied in innovation, product design, and entrepreneurship. Providing hands-on learning through demos, simulations, or practical sessions. Encouraging participants to explore technology-based solutions for local and global challenges. Building confidence among innovators to adopt emerging technologies for prototype or startup development.

Expert talk on “AI & ML in the real world: What actually matters beyond”

The Artificial Intelligence and Machine Learning had organized expert talk on the topic “AI & ML in the real world: What actually matters beyond” by Mr. Sarthak Patil, Associate Control II, Bank of New York Mellon, Pune on 01st January 2026. Second year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like Key concepts of Machine Learning, algorithms, data analysis. The role of data scientists in industry projects. Why understanding data and real-world problems is more important than focusing only on algorithms. Explained Spotify recommendation system. The difference between academic learning and industry requirement Significance of problem-solving skills, teamwork, data handling, and continuous learning and Explained the 80/20 rule of AI.

Counseling Session on “Diploma to Dream Career”

The Artificial Intelligence and Machine Learning had organized Counselling Session on the topic “Diploma to Dream Career” by Mrs. Pratibha Chandak, Psychological Counselor, K. K. Wagh Education Society, Nashik on 9th January 2026. Third year students of Artificial Intelligence and Machine Learning department had attended this Counselling Session. He had covered the topics like A balanced and successful life is strongly influenced by three main pillars: Mental Health, Physical Health and Academic Fitness. Why Mental Health Is Important: Helps us cope with stress and problems. Improves focus, motivation, and self-control. Diploma education gives a direct jump into professional life. diploma focuses more on hands-on training than theory. A diploma is not the end—it's a stepping stone. After Diploma, Students Can: Take lateral entry into engineering degree (B.Tech/B.E.) Specialize in advanced technical fields. Diploma education is a smart choice for students who want skills, stability, and success.

Expert talk on “AI for Atmanirbhar Bharat”

The Artificial Intelligence and Machine Learning had organized expert talk on the topic “AI for Atmanirbhar Bharat” by Dr. Tanmay Dixit, Director of Cyber Sanskar, on 02nd February 2026.

First year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like, AI powered content writing. Tools like Sora and Vo3 for image and video creation. Earning opportunities through AI –based content generation. Assignment of Password Tester application. Writing effective prompts for virtual realistic image generation. Cyber Crime scenarios and case studies. Use of AI generated images in Cyber Crime. Demonstration of live webcam access.

Workshop On “IBM Skills Build 5- Days ON- Campus Boot Camp”

The Artificial Intelligence and Machine Learning department had organized workshop on the topic “IBM Skills Build 5- Days ON- Campus Boot Camp” by Mr. Yuvraj Pondkule, Tushar Jadhav, Ratan Verma AI Trainer, Magic Bus Foundation, Pune on 04th February 2026 to 07th February 2026. Third-year students of Artificial Intelligence and Machine Learning department had attended this workshop.

He had covered the topics like Students learn Industry-relevant skills in emerging technologies like: Artificial Intelligence (AI), Machine Learning, Natural Language Processing, Computer Vision, Data Analytics and Cloud Computing. Cyber security and Front-End Development. Practical experience with hands-on projects and sandbox labs. Industry-aligned curriculum and certifications. Digital credentials and certificates upon completion. Soft skills and professional development Enhanced employability and career prospects Practical experience with industry tools and technologies.

Counseling Session on “Role of Counsellor to Balance MAP (Mental, Academic and Physical Fitness)”

The Artificial Intelligence and Machine Learning had organized Counselling Session on the topic “Role of Counsellor to Balance MAP (Mental, Academic and Physical Fitness)” by Mrs. Pratibha Chandak, Psychological Counselor, K. K. Wagh Education Society, Nashik on 6th February 2026. First year students of Artificial Intelligence and Machine Learning department had attended this Counselling Session. He had covered the topics like Role of the Counsellor are Create a safe and non-judgmental environment for expression. Identifying stress, anxiety, low self-esteem, or emotional challenges also Mental Health is important.

Stress-management techniques (breathing, mindfulness, relaxation) as well as Emotional awareness and self-reflection exercises. Role of the Counsellor: Identify learning difficulties and academic stressors. Guide students in goal setting and time management. Support career planning and decision-making.

Expert Talk On Personality Development “Self-reliance, Hidden Power within youth and Vivekananda Thoughts”

The Artificial Intelligence and Machine Learning department had organized expert talk on Personality Development the topic " Self-reliance, Hidden Power within youth and Vivekananda Thoughts" by Er. Dattatraya Aher, Ex. Principal, Govt ITI, Nashik on 21st February 2026.

First Year students of Artificial Intelligence and Machine Learning department had attended this personality development expert talk. He had

Vision: To Develop Technocrats in the field of Computer Engineering and Artificial Intelligence by imparting quality technical education.

Mission: M1: To provide quality technical education to students to help them to achieve good academic growth.

M2: To impart technical education to meet the requirements of the industry and society.

M3: Develop technical & soft skill through co-curricular and extra-curricular activities for improving personality.

covered the topics like Self-confidence Motivation through Poetry, Path for self-Independence, Building structure of enthusiast Person, Difference between Confidence and Over confidence, Path for Self Development, Path for Personality development.

Expert Talk On “Recent Trends in Gen AI & Agentic AI”

The Artificial Intelligence and Machine Learning department had organized expert talk on the topic “Recent Trends in Gen AI & Agentic AI” by Mr. Ishan Baul, AI Engineer, Ampcus Tech Pvt. Ltd. Nashik on 26th February 2026. Third Year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like Introduction of Artificial Intelligence, Introduction of Machine Learning, Basic Concept of Artificial Neural Network Perceptron. Discussion of Coding Platform: AI studio, Antigravity, Cursor, Clawdbot Claude.

What is Generative AI and Agentic AI?. Recent Trends In Agentic AI and Future scope for Agentic AI.

Expert Talk On “Recent Trends in Gen AI & Agentic AI”

The Artificial Intelligence and Machine Learning had organized expert talk on the topic “Recent Trends in Gen AI & Agentic AI” by Mr. Swapnil Pagare, Senior ML Engineer, R3 Systems Pvt. Ltd, Nashik on 11st March 2026. Second year students of Artificial Intelligence and Machine Learning department had attended this expert talk. He had covered the topics like Discussed how classroom knowledge is connected to real-world-scenario.

Given idea about professional work environment. Explored domains like Software, Data, Networking and UI/UX. Explained roles of DBA, Data scientist and Analyst. Explained role of Front-End developer, Back-end developer and Mobile developer. Studied SDLC: Planning, Design, Coding, Testing, Deployment, Maintenance. Learned about Project Management and System Engineering and Explained the 80/20 rule of AI.

Industrial Visit to “Regiment of Artillery Museum, Nashik”

Ms. H. M. Somaiya and Mrs. J. S. Mahajan with TYAN students attended the industrial visit at Regiment of Artillery Museum, Artillery Center, Gandhi Nagar Airport Area, Deolaligaon, Nashik on 20th December 2025. They have given brief an introductory session by Ms. Gauri Madam. He explained the History & Heritage, Origin and

evolution of the Indian Regiment of Artillery. Role of artillery in ancient, medieval, and modern warfare, Contribution of artillery in major wars (1947, 1962, 1965, 1971, Kargil). Military Life & Discipline, Life of an artillery soldier, Importance of discipline, teamwork, and leadership.

National Defense Awareness, Role of artillery in national security, Understanding India's defense preparedness and Guided explanations suitable for students and presented a short clip of Kargil war. Outdoor display of heavy guns and equipment.

Industrial Visit to “Sumago Infotech Pvt. Ltd. Nashik”

Mr. S. V. Waghmare and Mrs. J. S. Mahajan with SYAN students attended the industrial visit at **Sumago Infotech Pvt. Ltd. Nashik** on 04th March 2026 They have given brief History of Sumago Infotech and explored various concepts related to Development, designing and IT infrastructure Achievements of Sumago Infotech in various fields.

Vision: To Develop Technocrats in the field of Computer Engineering and Artificial Intelligence by imparting quality technical education.

Mission: M1: To provide quality technical education to students to help them to achieve good academic growth.

M2: To impart technical education to meet the requirements of the industry and society.

M3: Develop technical & soft skill through co-curricular and extra-curricular activities for improving personality.

Skills required for working in Company. Information regarding UX Designing, Python and Java development. Client and Server side methodology. Python requirement for Machine Learning. Information about projects which are developing. Importance of Academic Score for Company recruitment.

Industrial Visit to “R3 System Pvt. Ltd.”

Mr. S. V. Waghmare and Mrs. S. J. Wagh with SYAN students attended the industrial visit at “R3 System Pvt. Ltd. First Floor, Trinity Tower, ST Colony Near State Bank of India, Prasad Circle, Gangapur Rd, Nashik - 422013.” on 13th March 2026. They have explained Key Domains in the IT Sector like Software Development, Cybersecurity, Networking, Cloud Computing and Software Development Life Cycle.

Planning & Requirement Analysis – Define scope, goals, and feasibility. Requirements Definition – Document functional and technical needs (SRS).

Design – Create architecture, UI/UX, and system models. Development – Code the software according to design specifications. Testing – Validate functionality, performance, and security. Deployment – Release to production, possibly in stages. Maintenance – Provide updates, bug fixes, and enhancements.

Industrial Visit to “Sahyadri Farms Pvt. Ltd. Nashik”

Mr. S. V. Waghmare, Ms. D. N. More, Ms. K. J. Patil, Ms. H. S. Shelke and Mrs. Y. B. Mogal with FYAN students attended the industrial visit at “Sahyadri Farms Pvt. Ltd. A/p Mohadi, Taluka-Dindori, District- Nashik” on 10th March 2026. They have given brief an History of Sahyadri Farms and explored various concepts related to Development, designing and IT infrastructure. Achievements of Sahyadri Farms in various fields. The organization uses modern technology to ensure quality, hygiene, and efficient supply chain management.

The visit provided students with practical exposure to industrial operations and supply chain management in the agricultural sector. From this industrial visit, students gained knowledge about Food processing industry operations.

Student Achievements

Hadole Darshan Pravin,, Jadhav Devyani Satish and Chaure Vaibhavi Yogeshwar Secured First Prize National level Project Competition at JSPM University Pune.

Bhusare Vaibhav Eknath Secured First Prize State Level CAD WAR competition at Shatabdi Institute of Technology, Nashik.

Bhusare Vaibhav Eknath, Khan Rida and Nagpure Arya Secured First Prize in National Level Project Competition at IET K. K. Wagh Expo under Polytechnic category.

Hadole Darshan Pravin,, Jadhav Devyani Satish and Chaure Vaibhavi Yogeshwar Secured Second Prize in National Level Project Competition at IET K. K. Wagh Expo under Polytechnic category.

Jawharkar Swara Secured first Prize in Tennis in Interzonal football Competition (Winner) Inter Engineering Diploma Students Sports Association (IEDSSA) Maharashtra State at MET's Polytechnic, Nashik

Bhusare Vaibhav Eknath, Khan Rida and Nagpure Arya Secured Second Prize in State Level Project Competition Techfest-2026 at Loknete Gopinathji Munde Institute of Engineering education & Research, Nashik

Sahil K. Rajbanshi, Aquino H. Roduigues, Nikhil N. Potdar, Krishna K. Khillare, Aayush Adsure, Siddhesh Pardeshi, Aditya A. Awasarkar, Sumit Solanke, Arshaque Pathan, Pradnesh Bhadke, Darshan Rakshe and Shaikh Ali Secured Second Prize in Interzonal football Competition (Winner) Inter Engineering Diploma Students Sports Association (IEDSSA) Maharashtra State at MET's Polytechnic, Nashik.

Artificial Intelligence (AI), Machine Learning Department organized Chankya Ved 2K26 State Level Technical Event "AI Prompt Quest and

Quiz Competition". Dhanaashri Kasar and Yashika Issrani Secured First Prize in Quiz Competition
