Highlights March -2026

- Industrial Visit to Samarth Mould Pvt. Ltd.
- Faculty Development Program Completion on 3D Modeling and Product Design
- Industrial Visit to Silver Oak Agro Tourism
- Industrial Visit to Mahayaan Global Equipments Pvt. Ltd.
- Session on Women Empowerment "Your Identity Beyond Degree"
- Student Placement Achievement
- Participation in State-Level Seminar on Higher Education and Sustainable Development
- CORETECH-2026 State-Level Technical Event
- Social Activity – Cleanliness Drive at Tapovan-Godavari

Department Vision

To transform students into competent diploma mechanical engineers by imparting quality technical education, developing life skills to meet industrial and social needs.

Department Mission

1. To impart quality mechanical engineering education enriched with industry-relevant skills and hands-on training.
2. To encourage creativity and problem-solving abilities for developing solutions to real-world challenges.
3. To build collaborations with industry, academic institutions, and alumni for continuous improvement and excellence.

INDUSTRIAL VISIT TO SAMARTH MOULD PVT. LTD.

Second Year Mechanical Engineering (SYME) students visited Samarth Mould Pvt. Ltd., Ambad, Nashik on 2nd March 2026 under the subject Production Processes.

During the visit, students observed various manufacturing processes, mould making techniques, and industrial practices. The interaction with industry professionals helped them understand real-time production activities.

The visit enhanced students' practical knowledge and helped them relate theoretical concepts with actual industrial applications.

FACULTY DEVELOPMENT PROGRAM COMPLETION ON 3D MODELING AND PRODUCT DESIGN

Mr. Anil T. Karanjkar, faculty of Mechanical Engineering, successfully completed a one-week online Faculty Development Program on "3D Modeling and Product Design using PTC Creo."

The program was conducted from 2nd March 2026 to 6th March 2026 and focused on developing practical skills in 3D modeling and product design using modern CAD tools.

The FDP enhanced his expertise in design software and will support effective teaching of product design concepts to students.

INDUSTRIAL VISIT TO SILVER OAK AGRO TOURISM

Second Year Mechanical Engineering (SYME) students visited Silver Oak Agro Tourism, Nashik on 12th March 2026 under the subject Entrepreneurship Development and Startups.

The visit aimed to provide exposure to entrepreneurial practices in agro-tourism, including business planning, resource management, and customer engagement. Students interacted with the management to understand how innovative ideas are converted into successful business models.

The visit encouraged students to think about entrepreneurship opportunities and develop an understanding of startup culture and business management.

INDUSTRIAL VISIT TO MAHAYAAN GLOBAL EQUIPMENTS PVT. LTD.

Third Year Mechanical Engineering (TYME) students visited Mahayaan Global Equipments Pvt. Ltd., Satpur, Nashik on 7th March 2026 under the subject Industrial Hydraulics and Pneumatics.

During the visit, students observed various hydraulic and pneumatic systems, their components, and real-time industrial applications. They also interacted with industry professionals to understand system operations and maintenance practices.

The visit enhanced students' practical understanding of hydraulics and pneumatics and helped them connect theoretical concepts with industrial applications.

SESSION ON WOMEN EMPOWERMENT “YOUR IDENTITY BEYOND DEGREE”

Ms. Kalyani Mahant conducted an inspiring session on “Your Identity Beyond Degree – Women Empowerment” for students on 28th February 2026.

She shared her journey from being a diploma student to becoming an Assistant Manager at Mahindra & Mahindra, motivating students to believe in their potential. The session highlighted the importance of self-confidence, financial independence, continuous learning, and self-respect in professional life.

Her discussion on real-life challenges and growth created a strong connection with students. The interactive session helped clarify doubts related to career development and workplace challenges.

The session inspired especially girl students to build confidence, aim for higher goals, and prepare for successful professional careers.

MARCH, 2026

STUDENT PLACEMENT ACHIEVEMENT

Two students of Third Year Mechanical Engineering (TYME) received placement offers from ABB, Nashik on 15th March 2026 with a package of 5 LPA.

This achievement reflects the students' dedication and the department's continuous efforts in preparing students for industry opportunities.

CONGRATULATIONS

PARTICIPATION IN STATE-LEVEL SEMINAR ON HIGHER EDUCATION AND SUSTAINABLE DEVELOPMENT

Mr. Prashant Balasaheb Yelname actively participated in a one-day state-level seminar on "Higher Education and Sustainable Development" held on 14th March 2026.

The seminar was organized by Maratha Vidya Prasarak Samaj's Sharadchandraji Pawar College of Architecture and supported by Savitribai Phule Pune University.

The seminar provided valuable insights into sustainable development practices in higher education, enhancing awareness of environmental and academic responsibilities.

MARCH, 2026

CORETECH-2026 STATE-LEVEL TECHNICAL EVENT

A state-level technical event "CORETECH-2026" was organized on 17th March 2026. The event included a Project Competition that provided a platform for students to showcase their innovative ideas and technical skills.

More than 70 student groups from various institutes participated in the competition, making it a grand success.

The event encouraged innovation, technical creativity, and healthy competition among students, while promoting practical learning and idea sharing.

MARCH, 2026

SOCIAL ACTIVITY – CLEANLINESS DRIVE AT TAPOVAN-GODAVARI

Under the NSS and ISTE Student Chapter, First Year Mechanical Engineering (FYME) students carried out a cleanliness drive at Tapovan-Godavari, Nashik on 13th March 2026.

Students actively participated in cleaning the surrounding area, spreading awareness about hygiene and environmental responsibility.

The activity developed a sense of social responsibility among students and encouraged them to contribute towards a clean and healthy environment
